  - Corvallis - Community Outreach..... **1-541-758-3000**
  - Benton County - Crisis Line..... **1-888-232-7192**
  - Eugene - White Bird Clinic..... **1-800-422-7558**
  - Lincoln County - Crisis Line..... **1-866-266-0288**

### EMERGENCY SERVICES FOR TDD USERS:

Dial 911, then press the space bar until someone answers

### EMERGENCY CALLS: WARNING!

It is a misdemeanor under Oregon Law: 1. To refuse to relinquish a party line or public pay telephone when informed that it is needed for an emergency call. 2. To obtain the use of a party line or public pay telephone by falsely stating that it is needed for an emergency call. An "Emergency Call" is a call to a fire department or police department, or for emergency medical aid or ambulance service when property or human life is in jeopardy and the prompt summoning of aid is essential.

## How To Start Your Service

Pioneer Connect can provide you with local telephone service and connection to both long distance service providers and internet service providers. Pioneer Connect also offers many advanced services that can make your telephone work for you. More information on these advanced services can be found in the service offerings section of this book.

To establish new service, simply stop by one of our offices or give us a call. Our service representatives will describe the services we offer, how they work and the associated costs. Some of the things you may want to consider before calling or coming in are:

### Unlimited or Measured Service

While your basic service rate provides you unlimited calling in your local area, there are extended area calling routes which expand your local calling range. For this Extended Area Service (EAS) you can choose between Unlimited Service, which allows you to make as many calls as you want for a flat monthly rate or Measured Service. Measured Service can reduce your cost because you pay only for what you use. See the Exchange Listing and Extended Area Service pages of this section for more information on EAS.

### Directory Listings and Directory Assistance

There are several listing options available to you depending on your privacy needs. You will be asked to choose one of the following listing types:

**Published** - Your name, address (optional) and phone number are listed in this directory and are available from directory assistance. A basic listing in Pioneer's telephone directory is free.

**Non-Listed** - Your name, address (optional) and phone number are left out of the directory, but are available from directory assistance. There is a nominal charge for non-listed service.

**Non-Published** - Your name and phone number are left out of the directory and are unavailable from directory assistance. There is a nominal charge for non-published service.

A basic white page listing in the Pioneer directory is free. Business members also receive one basic yellow page listing free of charge. For other yellow page advertising options, contact one of our service representatives or directory staff for assistance.

### Long Distance Service

There are many long distance providers available to choose from, including Pioneer Long Distance. Our customer service team members can provide you with a list at your request.

## How To Reach Us

### Philomath Lobby Hours

8:30am - 4:30pm  
CLOSED During Lunch  
(12:00pm - 12:30pm)

### Waldport Lobby Hours

Monday - Wednesday 8:30am - 4:30pm  
Closed Thursday and Friday  
CLOSED During Lunch  
(12:00pm - 12:30pm)

### Phone Hours

8:00am - 4:30pm  
CLOSED During Lunch  
(12:00pm - 12:30pm)

### By Telephone

Philomath Office.....	541-929-3135

Toll Free Dial 1 & Then.....	888-929-1014
Internet & Phone Support	
Philomath.....	541-929-1212
Waldport.....	541-563-1212
Toll Free Dial 1 & Then.....	866-929-1212

### In Person or By Mail

Business transactions concerning your telephone service can be handled at either of our business offices:

#### PHILOMATH

1304 Main Street  
PO Box 631 • Philomath, OR 97370

#### WALDPART

575 West Willow  
PO Box 504 • Waldport, OR 97394

**E-Mail:** [customercare@pioneerconnect.net](mailto:customercare@pioneerconnect.net)

### Paying Your Telephone Bill

Bills for service are issued monthly and are due and payable upon receipt. A return envelope is included with each monthly bill. Please enclose the bill stub with your payment. Write your phone number or account number on your check or money order. If the return envelope is not available, address your payment to:

Pioneer Connect  
PO Box 631 • Philomath, OR 97370

**You may also pay your bill using these options:**

- Online at [www.pioneer.net](http://www.pioneer.net). Select My Account.
- In Person
- By Phone using our Secure Pay By Phone system at 1-888-220-4308
- ACH (Automatic Transfer)

### Payment Methods Accepted

Checking/Savings, Visa, MasterCard, Discover, and American Express.

## Consumer Tips

### Questions About Your Bill

If you have any questions about your telephone bill, you can either come into one of our business offices or call us. Our service representatives will be glad to assist you.

### Credit Policy

Current charges for phone service are due by the due date on the billing statement. A late payment fee of 1.7% shall be applied to all unpaid amounts carried forward to the next month's statement.

If service is disconnected for non-payment of a bill, a reconnect charge may apply.

A customer who issues a check to Pioneer Connect, which is drawn on an account that is closed or does not have sufficient funds, shall be required to pay a service charge. After Pioneer Connect notifies a customer of its intent to restrict service for non-payment of an account and it receives such a check as payment on a delinquent account, it may restrict service immediately, as if no payment has been received.

### Call Before You Dig . . . IT'S THE LAW

Before you do any extensive digging or construction on your property or public lands, you need to see if any of our telephone lines are located in the area you are planning to dig. Please call:

Utilities Notification Center .....811  
Toll Free Dial 1 & Then ..... 800-332-2344

### Telephone Soliciting

A "telephone solicitation" is a phone call that acts as an advertisement. Even if you have a non-listed or non-published phone number, you may still receive unsolicited phone calls. Some sales organizations call all numbers in numerical order for a neighborhood or area in an effort to reach all potential customers. The FCC's rules prohibit telephone solicitation calls to your home before 8AM or after 9PM. Anyone making a telephone solicitation call to your home must provide his or her name, the name of the person or entity on whose behalf the call is being made and a telephone number or address at which that person or entity may be contacted.

The term "telephone solicitation" does not include calls or messages placed with the receiver's prior consent. Calls regarding a tax-exempt, non-profit organization or calls from a person or organization with which the receiver has an established business relationship. An established business relationship exists if you have made an inquiry, application, purchase or transaction regarding products or services offered by the person or entity involved.

### Oregon Telephone Assistance Program

Through the Oregon Telephone Lifeline program, eligible customers will receive a reduction in the cost of their phone bill. Lifeline subscribers receive the same residential service as a regular subscriber, but at a

reduced monthly recurring rate. That means Lifeline subscribers have an unlimited number of local calling minutes. Just like other Pioneer Connect subscribers, Lifeline members are free to choose their own toll usage plans through long distance providers that serve Pioneer Connect serving area. Proof of eligibility may be required.

visit [www.rspf.org](http://www.rspf.org) or call 1-800-848-4442 for more information.

### Do-Not-Call Registry

The FCC has established a "National Do-Not-Call Registry." The registry is nationwide in scope - it applies to all telemarketers (with the exception of certain non-profit organizations) and covers both interstate and intrastate telemarketing calls. Commercial telemarketers are not allowed to call you if your number is on the registry. As a result, consumers can reduce the number of unwanted phone calls to their homes. Registration for your phone number is free and it will remain on the "National Do-Not-Call Registry" permanently, but you may remove your name from the list at any time.

The "Do-Not-Call Registry" will not prevent all unwanted calls. It will not cover the following:

- calls from organizations with which you have established a business relationship
- calls for which you have given prior written consent
- calls which are not commercial or do not include unsolicited advertisements
- calls by or on behalf of tax-exempt non-profit organizations (i.e., political and charitable organizations)
- calls for telephone surveys

### Register Your Telephone Number on the Do-Not-Call List

To register your phone number(s), you may do one of the following:

Online: **WWW.DONOTCALL.GOV**

*Must have an active e-mail account*

Telephone: 1-888-382-1222

*from the number you wish to register*

TTY: 1-866-290-4236

*from the number you wish to register*

It will take 31 days after you register to become effective.

Complaints regarding the "Do-Not-Call Registry" can be submitted online using the **DONOTCALL.GOV** website or you may also call 1-888-382-1222 to submit a complaint (for TTY, call 1-866-290-4236). You must know either the name or phone number of the company that called you. You must also provide the date that the company called you and your registered phone number.

### Where Do I Report an Offending Solicitor

Complaints concerning unwelcome telephone solicitation or companies that have violated the law should be addressed to the Department of Justice, Financial Fraud Section 100, Justice Building, Salem OR 97310; 503-378-4320 or 1-877-877-9392.

### Obscene or Harassing Telephone Calls

Stay calm and hang up the phone. Call your local phone company for information on how to handle these types of phone calls. You may be able to utilize Call Trace (see page 14). This service can provide the police with an electronic record of the harassing calls to assist in their investigation. It's against the law to make obscene or threatening phone calls. Penalties include imprisonment and/or a fine.

### Information Services

Information Delivery Service, as defined in Public Utility Commission rules, means any call made to a number with a "900" area code where there is a charge for any phone recorded messages, interactive programs or other information services. This definition does not apply, however, when there is a pre-existing written contract between the customer and the information provider.

State law dictates that information providers adhere to specific rules concerning their services and that any telecommunications utility that is billing their customers for information services must follow certain procedures:

**Blocking** - Blocking is a service where a customer can block their telephone line so that no "900" calls can be placed from that line. Your local telephone company must inform you that blocking services are available for "900" numbers, if and when it is technically available.

**Payment** - Your telephone company cannot terminate your local or long distance telephone services for non-payment of charges for pay-per-call services, according to the Oregon Administrative Rules.

**Unenforceable Collection Action** - State law provides protection for telephone customers from charges resulting from "900" calls made by minor children. Provisions state that any obligations that may arise from pay-per-call dialing by an unemancipated child under 18 years old, are void and unenforceable.

**Penalties For Damages** - Oregon Administrative Rules state that any customer who suffers damage from a violation of the statutes addressing information services providers, may legally act against that provider. According to the rules, a court may award the greater of three times the actual damages or \$500, order an injunction of restitution and award attorney fees and court costs to the prevailing plaintiff.

For more information on Oregon Administrative and Public Utility Commission Rules, call the Customer Service Division: 1-800-522-2404.

### How To Call Directory Assistance

First, look in the phone book. You can avoid Directory Assistance charges by looking up numbers in the directory. Also, jot down frequently called numbers and keep them next to your phone.

### For Telephone Numbers Not Listed In Your Directory:

Dial: 1 (Area Code) 555-1212 or

Dial: 411 or

Dial: 1 (800) 555-1212 for 800 service numbers

By dialing 411, members bypass their PIC'd carrier (your chosen long distance carrier) and are routed directly to the 411 database, which is maintained by CenturyLink and contributed to by local phone companies like Pioneer Connect.

In Oregon, Local Exchange Carriers (LECs) and most Inter-Exchange Carriers, contribute published listings to this database, which Pioneer Connect does as a normal part of our business. However, some companies do not, many of which are Competitive Local Exchange Companies (CLECs) or Internet companies. If the person you are requesting a number for has service with a CLEC or Internet company that does not submit Directory Assistance information, their telephone number will not be found when you call Directory Assistance.

The 411 service also eliminates the need to know the area code of the number you are requesting within the State of Oregon. Additionally, while the 411 service cannot provide listings for out-of-state look-ups, it will advise callers of the area code for the city and state being requested and provide instructions on how to dial information for that state.

### Charges For Directory Assistance

You will be charged to call Directory Assistance. Allowances and rates vary between carriers. For more information, call your local Business Office or Long Distance Carrier.

If you ask the long distance operator to dial a number, there may be an additional charge for operator handling. Requests for numbers outside Oregon are billed at rates established by the long distance companies.

### How To Obtain Directories

Additional Pioneer directories may be obtained by contacting Customer Service.

### Directory Accuracy

Every effort is made to compile and print this directory as accurately as possible. However, despite care and attention, errors sometimes occur. Please check your listing when you receive a new directory and notify Customer Service if it is incorrect. Neither the telephone company nor the publishing company assume any liability because of errors or omissions in free listings. Pioneer's liability, in the case of paid listings, shall not exceed the charge for such listings during the life of this directory. Pioneer Connect assumes no liability for the accuracy of information provided by any advertisers in its Yellow Pages.

**Exemption for the Disabled**

If you are unable to use a phone book on a continuing basis because of a disability, you may be exempted from the Directory Assistance charge. For further information, call Customer Service.

**Dial Tones & Signals**

**Dial Tone** - A continuous hum - the signal to start dialing. Wait for dial tone before dialing.

**Ringing Signal** - A ringing tone repeated at regular intervals. This lets you know that the telephone number you have dialed is ringing.

**Busy Tone** - A steady buzz-buzz tone. A slow busy signal, after you finish dialing, indicates the number you have dialed is busy. When you receive a rapid busy signal, it means all available equipment is in use. In either case, wait a short time and try again.

**Announcements** - Recorded announcements let you know why your call was not completed and suggest a course of action for you to follow in order to reach the correct number you want.

**Telephone Help**

**Trouble Connecting**

If you have repeated trouble reaching a number, dial '0'.

**Repair Service**

For repair call:

- Philomath ..... 541-929-1212
- Waldport..... 541-563-1212
- Toll Free Dial 1 & Then..... 866-929-1212

**Repair of Your Inside Wiring**

Your phone company supplies the access to the telephone network. This access is professionally installed and maintained to the highest standards, up to the point on your home or business where the phone wires leave the Protector/NID to go inside the building. All inside wiring is the responsibility of the owner.

If you sign up for NetProtect™, you can have the same standard of maintenance that Pioneer Connect provides for the equipment and lines outside your home or business, on the inside, too.

This service covers any inside wiring installed by Pioneer Connect and other inside wiring installed to telephone industry standards. You can either sign up for NetProtect™ or have a Pioneer Connect service technician come to your place on an "as needed" basis, at our competitive time and material rates.

Call either of our Business Offices:

- Philomath Office..... 541-929-3135
- Waldport Office..... 541-563-3135
- Toll Free Dial 1 & Then..... 888-929-1014

**Oregon Telecommunications Relay Service (OTRS)**

Oregon Telecommunications Relay Service is a relay service providing full phone accessibility to people who are deaf, hard of hearing or speech impaired. Trained specialists, called Communication Assistants (CAs), complete all calls and stay on the line to relay messages electronically over a text phone (also called a TTY) or verbally to hearing parties.

**OTRS Options**

Voice .....Dial 711  
 Toll Free Dial 1 & Then..... 800-735-1232  
 Allows standard phone users to initiate calls to TTY users. The CA types the hearing person's spoken words to the TTY user and reads back the typed replies.

TTY .....Dial 711  
 Toll Free Dial 1 & Then..... 800-735-2900  
 Allows deaf, hard of hearing or speech impaired TTY users to type their conversation to a CA, who then reads it to a hearing person. The CA relays the hearing person's spoken words by typing them back to the TTY user.

Voice Carry Over (VCO).....Dial 711  
 Toll Free Dial 1 & Then..... 877-735-3260  
 Allows the hard of hearing to speak directly to a hearing person. The CA will then type the hearing person's response back to the TTY user.

Hearing Carry Over (HCO) .....Dial 711  
 Toll Free Dial 1 & Then..... 800-735-2900  
 Allows a speech impaired user with hearing capability to listen to the person they are calling. They respond using the TTY, which is then read to the called person.

**OTRS is Confidential**

All calls will be kept private and no records of any conversations will be maintained. Information regarding the contents of any relay call will not be disclosed, unless required by state or federal law.

**What to do in an Emergency**

In case of an emergency, relay users should call the TTY-equipped 911 Center or Emergency Services Center in their community. OTRS can process emergency calls, but they may take longer to get through. Callers are strongly urged to dial 911 directly. The Federal Communications Commission requires that all 911 centers have TTY access.

**Your Communication Options**

Some options are:

- Ask the Communications Assistant (CA) to type and speak exactly what is said.
- Ask the CA not to announce your call.
- Ask the CA to use voice or hearing carry over.

**Using Directory Assistance**

OTRS will refer all directory assistance calls to the National TDD Directory Assistance Service or you may dial that number directly: 1-800-855-1155 or 411.

### OTRS Billing Procedures

Oregon Telecommunications Relay Service is free. Calls can be made to anywhere in the world, 24 hours a day, 365 days a year, with no restrictions on the number, length or type of calls. OTRS handles calls placed using direct dial, collect, person-to-person, pre-paid calling cards, calling cards or any participating long distance carrier. These calls are billed at the carrier's designated rates. Local Exchange Carrier rates apply for both local and regional calls. OTRS is not a phone company and receives no long distance revenue from relay calls. You always get to choose your long distance carrier.

### State-to-State Calling

OTRS lets you place calls to and receive calls from anywhere in the U.S.

### Telephone Assistance Program

The Lifeline Program provides telephone assistance to qualified low-income customers. Qualified customers may be eligible to receive discounts on their phone service.

## Troubleshooting Telephone Problems

Encountering an issue with your phone service? We're always ready to serve you—if the suggestions below don't solve your problem, feel free to contact our Repair Department in Philomath at 541-929-1212 or in Waldport at 541-563-1212. The following is a way to troubleshoot and possibly it fix yourself, with no waiting for a service repair.

### IF YOU HAVE NO DIAL TONE

Use a standard non-electric phone to test at your N.I.D. (Network Interface Device). Do not use a cordless telephone. The N.I.D. is the plastic box on the side of your home or on the power meter pole. This connects your inside phone wires to the phone company's line. The N.I.D. box is typically a 6" gray box.

*(If your N.I.D. does NOT look like the picture above, contact Pioneer Connect Repair for assistance.)*

- Step 1: Use a standard non-electric phone to test your N.I.D. (Network Interface Device). Do not use a cordless phone. The N.I.D. is the plastic box on the side of your home or on the power meter pole. This connects your inside phone wires to Pioneer's line.
- Step 2: Using a flat head screwdriver, open the box where it is labeled CUSTOMER ACCESS.
- Step 3: Once you have the N.I.D. open, pull open the tab in the upper left corner.
- Step 4: Plug the phone into the phone jack.

Step 5: Check for dial tone. If you have no dial tone, contact our Repair Department. If you do have dial tone, your trouble is inside. Check the following items:

- Ensure all phones are hung up.
- Unplug all electronic devices (answering machines, cordless phone, modem, caller ID box, etc.), and check to hear if your dial tone returns. If so, the issue is with one of your other devices.
- Unplug all the phones in your home. Then, one at a time, plug each phone into the jack to check for dial tone. This may help identify whether one device is causing the issue.

If you find you still have no dial tone, the problem is in your wiring, a jack, or your phone. See NETPROTECT™ for more information or contact our Repair Department.

If you **DO** have dial tone, your trouble is inside. Check the following items:

- Step 1: All phones are hung up.
- Step 2: Unplug all electronic devices (answering machine, cordless phone, modem, caller ID box, etc.) to hear if your dial tone comes back.
- Step 3: Unplug all the phones in your home. Then, one at a time, plug each phone into the jack to check for dial tone.

### IF YOUR PHONE IS NOISY

- Step 1: To pinpoint where the noise in your phone line is coming from, follow the same steps as under **NO DIAL TONE**. If there is **NO** noise at the N.I.D., the problem is inside. See NetProtect™ for more information.
- Step 2: Always check with a phone at your N.I.D. See NETPROTECT™ for more information.
- Step 3: You may also want to keep an inexpensive non-powered phone in the house for emergencies since electronic (cordless) telephones will not work during a power outage. If you still have no dial tone, the problem is in your wiring, a jack, or your phone. See NETPROTECT™ for more information or our call the Repair Department.

**NETPROTECT**

When you call Pioneer Connect about trouble on your line, our service department dispatches a technician to your premise. If the technician discovers the cause of the trouble is customer maintained inside wiring, you will be billed a "trouble charge." This charge covers the work involved in determining the problem is **NOT** in our access line or network. If you would like our service technician to repair the problem, you will be billed at our competitive Time and Material rates.

However, for a small monthly charge per access line, you can subscribe to **NETPROTECT™** and protect yourself from these costly repair charges. **For more information on NETPROTECT™ call your local Business Office.**

**Troubleshooting Internet Problems**

There are a few simple things you can do to determine if your modem is working properly. First, check another website or two, so you can ensure it is not the website itself that is experiencing problems. Also, try using another program that accesses the Internet, such as your e-mail program. If your Internet service is not working, try the following to restore service:

**Modem Powercycle Instructions**

- Step 1: Unplug the power cord(s) from your modem and your router.
- Step 2: Wait 3 minutes
- Step 3: Plug the power cord back in to your modem and wait 2 minutes
- Step 4: If you have a router, plug it back in and wait 1 minute. If a powercycle doesn't work and you do have a router, try plugging your computer directly into the modem with the Ethernet/ LAN/CAT5 cord.

If you are able to connect, this means your router is the problem. Sometimes, resetting it and running through the installation again can fix it. Otherwise, you will need to contact the manufacturer for assistance.

**Modem Lights On**

Make a visual inspection to see if your modem is displaying any of its operational lights. If it is not, or only some lights are present, check all your cord connections.

**Still Not Working**

If your service is still not working, please call support.

## Extended Area Service (EAS): Local Calling Region

EAS allows customers in one local calling area (known as an exchange) to call one or more nearby exchanges without incurring local long distance charges. So instead of paying local long distance charges, as a Pioneer Connect customer, you may choose between a flat monthly EAS rate or a measured EAS rate (i.e., a per minute rate) within your extended area. With EAS, long distance charges cease within the extended area. Calls outside your extended area calling area are still long distance and will be billed by your long distance carrier.

## Calling In & Between LATAs

**Local Access Transport Areas (LATAs)** are geographic areas established by the government as a result of telephone deregulation. All of Pioneer Connect service area is in the Oregon Southwest LATA.

If you dial "0" for operator assistance, you will be connected to a CenturyLink operator. If you dial "00", you will be connected to the operator for your chosen long-distance carrier. You may also dial "1010 + long distance carrier's 3 or 4 - digit code + 0" to be connected to the operator of a specific long distance carrier. Payphones, hotels and motels may use alternate operator services.

**Answering Machines** — Long distance charges apply to calls made to phones with answering machines. The charge begins when the called number is answered by the answering machine.

**Calling Card Calls** — When away from home, you can make local and long distance calls with a calling card. Using a calling card is an inexpensive way to call, compared to other types of operator assisted calls. (Please Note: Some calling cards have special instructions. Contact the card issuer.) If calling card is not prepaid, these third-party calling cards will be billed separately from your Pioneer bill.

**Collect Calls** — You may call collect, if the person or firm you are calling agrees to pay the charges. Dial "0" and follow the automated instructions.

**Poor Connections or Wrong Numbers** — If you have dialed a call and reach a wrong number, have a poor connection or other problem, hang up. You may contact an operator and ask that the call be placed for you. Request to the operator that the call be charged at the direct dial rate.

**Direct Distance Dialing** — By dialing your own long distance calls, you will pay the lowest rate compared to operator assisted calls.

**Person-To-Person Calls** — You may make a long distance call to a particular person. Tell the operator you are making a person-to-person call. The operator will hang up and charge you for the call only when that specific person answers.

**Operator Assisted Calls** — Long distance calls requiring an operator are more expensive. Calls placed from hotels, motels and coin telephones, as well as certain other types of calls may require operator assistance. Dial 0 - AREA CODE - TELEPHONE NUMBER and an operator will come on the line. Tell the operator the type of call you are making.

**Time & Charges** — When placing a long distance call, you may ask the operator to tell you the length of time you talked and the cost. Dial the operator and say you'd like time and charges when the call is completed.
