

ConnectIQ Quick Start Guide

ConnectIQ enables peace of mind and control; allowing you to manage your home or small business Wi-Fi network and router remotely. Download the app and start managing your network today!

Setting up your ConnectIQ App

- 1 To download the app search for “Pioneer ConnectIQ” on your devices App Store or scan the QR code below.

SCAN ME

- 2 Select “**LET'S GET STARTED**” towards the bottom of the screen.

- 3 Enter your personal information. The password you enter here will be used to access the app.

Note: Please wait at least 10 minutes after your Router has been 'turned on' before attempting step 4.

- 4** Tap the QR code that appears within the app. (You will be asked to allow the app to access your camera.)

Point your camera at the QR Code found on the bottom of your Router, or on the sticker that came in your box (example shown below).

- 5** Select OK.

- 6 STOP:** If Pioneer has already created your SSID and password, bypass this step selecting **SKIP THIS STEP**. You are now ready to use the App.

- 7** If SSID and password have NOT been created, please create your own SSID and password.

- The Router name will be used throughout the app.
- The Network Name (SSID) is what you will use as your wireless connection name.
- Select a password for your wireless network. If you do not want to change it on all the devices in your home, use your existing wireless SSID and Password from your previous router.

Click Submit and You're All Done!
